

**PEOPLE'S COUNCIL
OF DA NANG CITY**

**SOCIALIST REPUBLIC OF VIETNAM
Independence - Freedom - Happiness**

No.: 58/2024/NQ-HDND

Da Nang, December 13, 2024

RESOLUTION

Providing for incentive policies; the content and levels of support for information infrastructure assets to develop the semiconductor microchip and artificial intelligence sectors; and the procedures for receipt, management, exploitation, and operation of information infrastructure assets within Da Nang City

**THE PEOPLE'S COUNCIL OF DA NANG CITY
TERM X, 2021–2026, THE 21ST SESSION**

Pursuant to the Law on Organization of Local Government dated June 19, 2015; the Law Amending and Supplementing a Number of Articles of the Law on the Government Organization and the Law on the Organization of Local Government dated November 22, 2019;

Pursuant to the Law on State Budget dated June 25, 2015;

Pursuant to the Law on Promulgation of Legal Documents dated June 22, 2015, and the Law Amending and Supplementing a Number of Articles of the Law on Promulgation of Legal Documents dated June 18, 2020;

Pursuant to the Law on Information Technology dated June 29, 2006;

Pursuant to the Law on Management and Use of Public Assets dated June 21, 2017;

Pursuant to the Law on Investment dated June 17, 2020;

Pursuant to Decree No. 34/2016/ND-CP dated May 14, 2016 of the Government detailing a number of articles and measures for the implementation of the Law on Promulgation of Legal Normative Documents; Decree No. 154/2020/ND-CP dated December 31, 2020 of the Government amending and supplementing a number of articles of Decree No. 34/2016/ND-CP dated May 14, 2016; and Decree No. 59/2024/ND-CP dated May 25, 2024 of the Government amending and supplementing a number of articles of Decree No. 34/2016/ND-CP dated May 14, 2016, which details a number of articles and measures for the implementation of the Law on Promulgation of Legal Normative Documents, as amended and supplemented by Decree No. 154/2020/ND-CP dated December 31, 2020;

Pursuant to Decree No. 09/2024/ND-CP dated February 1, 2024 of the Government amending and supplementing a number of articles of the Decree dated November 1, 2016 of the Government providing for certain special mechanisms regarding investment, finance, state budget, and decentralization of management for Da Nang City;

Pursuant to Points a, b, and c, Clause 7, Article 14 of Resolution No. 136/2024/QH15 dated June 26, 2024 of the National Assembly on the organization of urban government and the piloting of certain special mechanisms and policies for the development of Da Nang City;

At the proposal of the People's Committee of Da Nang City in Submission No. 297/TTr-UBND dated November 30, 2024 regarding the promulgation of regulations on incentive policies; the content and levels of support for information infrastructure assets to develop the semiconductor microchip and artificial intelligence sectors; and the procedures for receipt, management, exploitation, and operation of information infrastructure assets within Da Nang City; together with Appraisal Report No. 323/BC-KTNS dated December 10, 2024 of the Economic and Budget Committee of the Da Nang City People's Council, and the opinions discussed by the delegates of the Da Nang City People's Council at the Session.

HEREBY RESOLVES:

Article 1. To promulgate together with this Resolution the Regulations on incentive policies; the content and levels of support for information infrastructure assets to develop the semiconductor microchip and artificial intelligence sectors; and the procedures for receipt, management, exploitation, and operation of information infrastructure assets within Da Nang City.

Article 2. Effectiveness

1. This Resolution shall take effect from January 1, 2025.
2. During the implementation process, in the event that the legal documents referenced in this Resolution are amended, supplemented, or replaced, the provisions of the new documents shall apply.

Article 3. Funding sources for policy implementation

The Da Nang City budget.

Article 4. Organization of implementation

1. The People's Committee of Da Nang City shall be responsible for and organize the implementation of the policy contents of this Resolution in a public, transparent manner and in accordance with the provisions of law, and shall prepare annual budget estimates in line with the city's budgetary balance capacity to implement the policies. In the event of any changes or adjustments to the policy contents, the People's Committee of Da Nang City shall report to the City People's Council for consideration and appropriate adjustment.

The People's Committee of Da Nang City shall be responsible for determining the obligations and responsibilities of organizations and individuals during the consideration and settlement of policies in accordance with regulations;

directing the verification of accuracy and truthfulness in the appraisal of supported entities in accordance with its competence and ensuring compliance with regulations; and periodically reporting the results of the implementation of this Resolution at the year-end sessions of the City People's Council.

2. The Standing Committee of the City People's Council, the Committees of the City People's Council, the Delegations of Deputies, and the Deputies of the City People's Council shall supervise the implementation of this Resolution.

3. The Vietnam Fatherland Front Committee of Da Nang City shall coordinate in supervising the organization and implementation of this Resolution.

This Resolution was adopted by the Da Nang City People's Council, Term X, 2021-2026, at its 21st Session, on December 13, 2024.

Recipients:

- Standing Committee of the National Assembly;
- The Government; the Office of the President;
- Department for the Review of Legal Normative Documents – Ministry of Justice;
- Department of Legal Affairs – Ministry of Information and Communications;
- Department of Legal Affairs – Ministry of Planning and Investment;
- Standing Committee of the City Party Committee;
- Advisory and assisting agencies of the City Party Committee;
- Delegation of National Assembly Deputies of the City;
- Standing Committee of the City People's Council;
- City People's Committee; City Committee of the Vietnam Fatherland Front;
- Committees of the City People's Council;
- Deputies of the City People's Council;
- Office of the Delegation of National Assembly Deputies and the City People's Council;
- Office of the City People's Committee;
- City departments, agencies, and mass organizations;
- District Party Committees and District People's Committees; District Committees of the Vietnam Fatherland Front; Hoa Vang District People's Council;
- Party Committees and People's Committees of wards and communes; People's Councils of communes;
- Da Nang Newspaper; Da Nang City Police Special Publication; Da Nang Radio and Television Station; Vietnam Television Center (VTV8); City Web Portal;
- Archived, Chairperson of the People's Council.

CHAIRPERSON
(Signed and sealed)
Ngo Xuan Thang

REGULATIONS

Incentive Policies; Content and Levels of Support for Information Infrastructure Assets to Develop the Semiconductor Microchip and Artificial Intelligence Sectors; and Procedures for the Receipt, Management, Exploitation, and Operation of Information Infrastructure Assets within Da Nang City

**(Issued together with Resolution No. 58/2024/NQ-HDND dated December
13, 2024 of the Da Nang City People's Council)**

CHAPTER I

GENERAL PROVISIONS

Article 1. Scope of regulation

This Resolution provides detailed provisions on Points a, b, and c, Clause 7, Article 14 of Resolution No. 136/2024/QH15, specifically as follows:

1. Forms, order, and procedures for the assignment of assets; receiving and operating entities; mechanisms for management and use of revenues generated from asset exploitation; and the handling of information infrastructure assets;
2. Incentive policies; content and levels of support; beneficiaries; and procedures for supporting the use of information infrastructure assets to serve the development of the semiconductor microchip and artificial intelligence sectors;
3. Order, procedures, and policies for providing support from the City budget to strategic investors and strategic partners in the semiconductor microchip and artificial intelligence sectors, not exceeding 5% of the total costs of purchasing production-support equipment, costs of relocating assets, production lines, equipment, and technology, and other costs for new investment projects.

Article 2. Subjects of application

1. Strategic investors, strategic partners, organizations, and enterprises operating in the semiconductor microchip and artificial intelligence sectors;
2. Entities receiving and operating information infrastructure assets;
3. Entities using spaces for product development and for training in semiconductor microchip and artificial intelligence technologies;
4. State management agencies and organizations related to the implementation of this Resolution.

CHAPTER II

INCENTIVE POLICIES; CONTENT AND LEVELS OF SUPPORT FOR ORGANIZATIONS AND ENTERPRISES FOR DEVELOPMENT IN THE SEMICONDUCTOR MICROCHIP AND ARTIFICIAL INTELLIGENCE SECTORS

Article 3. Support policies for strategic investors in the semiconductor microchip and artificial intelligence sectors

1. Strategic investors shall be supported from the City budget at a level not exceeding 5% of the total costs of purchasing production-support equipment, costs of relocating assets, production lines, equipment, and technology, and other costs for new investment projects; the maximum support level shall not exceed VND 200 billion per project. Each strategic investor shall be supported only once.

2. Strategic investors shall be supported at 50% of the rental cost of information infrastructure assets (excluding service costs), but not exceeding VND 500 million per year, for the first two (02) years.

Article 4. Support policies for strategic partners in the semiconductor microchip and artificial intelligence sectors

1. Strategic partners shall be supported from the City budget at a level not exceeding 5% of the total costs of purchasing production-support equipment, costs of relocating assets, production lines, equipment, and technology, and other costs for new investment projects; the maximum support level shall not exceed VND 200 billion per project. Each strategic partner shall be supported only once.

2. Strategic partners may directly lease information infrastructure assets without auction.

3. Strategic partners shall be supported at 50% of the rental cost of information infrastructure assets (excluding service costs), but not exceeding VND 500 million per year, for the first two (02) years.

Article 5. Support policies for organizations and enterprises operating in the semiconductor microchip and artificial intelligence sectors

1. Subjects of application

Organizations and enterprises leasing information infrastructure assets and satisfying the following conditions:

a) Enterprises established in accordance with the Law on Enterprises, having headquarters, registration, and tax declaration and payment within Da Nang City;

b) Operating and generating revenue in the semiconductor microchip and artificial intelligence sectors as follows:

- Micro enterprises: Minimum revenue of VND 100 million/year;
- Small enterprises: Minimum revenue of VND 500 million/year;
- Medium-sized and large enterprises: Minimum revenue of VND 2 billion/year.

c) Having no outstanding tax or social insurance liabilities at the time of submitting the application for support.

2. Content and level of support

a) Support for rental costs of information infrastructure assets (excluding service costs), specifically:

- Micro and small enterprises: Support of 50% of the rental cost of information infrastructure assets, but not exceeding VND 200 million per year;
- Medium-sized and large enterprises: Support of 25% of the rental cost of information infrastructure assets, but not exceeding VND 250 million per year.

b) The support period shall not exceed 02 years per enterprise.

Article 6. Support policies for innovative startup enterprises and innovative startup investment projects in the semiconductor microchip and artificial intelligence sectors

1. Subjects of application

a) Innovative startup investment projects in the semiconductor microchip and artificial intelligence sectors implemented and applied in Da Nang City, satisfying the following conditions:

- Having one or more of the following activities: research, development, application, and transfer of technology achievements, technical solutions, and prioritized technologies; development of new investment and cooperation models;
- Having commitments and bearing responsibility for using the allocated premises for the proper purposes.

b) Innovative startup enterprises in the semiconductor microchip and artificial intelligence sectors satisfying the following conditions:

- Having activities or innovative startup projects in the semiconductor microchip and artificial intelligence sectors, implementing ideas based on the exploitation of intellectual and technological resources, new business models, and having the potential for rapid growth;

- Having an operating period of no more than 05 years from the date of first issuance of the Enterprise Registration Certificate;

- Having been established and operating in accordance with law, with head offices located within Da Nang City;

- Having commitments and bearing responsibility for using the allocated premises for the proper purposes.

2. Content and level of support

Free allocation of premises within spaces for product development and for training in semiconductor microchip and artificial intelligence technologies, with an area not exceeding 100 m², for a duration not exceeding 03 years for each project or enterprise.

3. In cases where an innovative startup enterprise or an organization/individual acting as the project owner of an innovative startup investment project in the semiconductor microchip and artificial intelligence sectors fails to fulfill its commitments, the allocated premises shall be recovered.

Article 7. Support policies for initial setup costs when leasing information infrastructure assets (in cases where the assets are not fully completed, including flooring, gypsum ceilings, lighting, internal networks)

1. Subjects of application

Strategic investors, strategic partners, and enterprises meeting the support conditions specified in Clause 1, Article 5 of this Resolution.

2. Content and level of support

a) Support of VND 100,000/m² for initial setup costs to use information infrastructure assets, but not exceeding VND 200 million per subject;

b) Each subject shall be supported only once.

Article 8. Procedures for certification of strategic partners (as a condition for enjoying incentive policies under Article 4 of this Resolution)

1. Order and procedures

- Step 1: The enterprise submits the dossier to the Department of Information and Communications.

- Step 2: Upon receipt of complete and valid dossiers, the Department of Information and Communications reports to and submits to the Chairperson of the City People's Committee for the establishment of an Appraisal Council to conduct appraisal, in which:

+ The Department of Information and Communications acts as the standing agency;

+ The Departments of Planning and Investment, Finance, and other relevant agencies and units act as members.

- Step 3: The Appraisal Council conducts appraisal and submits the appraisal results to the Department of Information and Communications.

- Step 4: The Department of Information and Communications (standing agency) reports to the City People's Committee.

- Step 5: The City People's Committee reports to the City People's Council.

- Step 6: The City People's Council considers and makes a decision.

- Step 7: The Department of Information and Communications returns the results to the enterprise.

2. Dossier components and number of dossiers

a) Dossier components

- Application for certification in accordance with Form No. 01;

- Documents, dossiers, and evidence proving eligibility conditions: the enterprise submits documents demonstrating full compliance with the conditions specified in Clause 2, Article 3 of Resolution No. 136/2024/QH15.

b) Number of dossiers: 01 set (original).

3. Time limit for settlement: 30 working days (excluding the time for consideration and decision by the City People's Council)

a) Appraisal Council: 10 working days;

b) Department of Information and Communications: 10 working days (including the time for establishing the Council and reviewing appraisal results);

c) City People's Committee: 10 working days.

4. Competent authorities

- Direct implementing authority: Department of Information and Communications;

- Coordinating authorities: Department of Planning and Investment, Department of Finance, and other relevant agencies and units;

- Decision-making authority: City People's Council.

Article 9. Procedures for organizations and enterprises to enjoy support policies (pursuant to Clause 1 and Clause 2, Article 3; Clause 1 and Clause 3, Article 4; and Articles 5, 6, and 7 of this Resolution)

1. Order and procedures

a) Cases under the decision-making authority of the City People's Council

The procedures shall be carried out in accordance with Clause 1, Article 8 of this Resolution.

b) Cases under the decision-making authority of the Department of Information and Communications

- Step 1: The organization or enterprise submits the dossier to the Department of Information and Communications.

- Step 2: Upon receipt of complete and valid dossiers, the Department of Information and Communications establishes an Appraisal Council to appraise the dossiers.

- Step 3: The Appraisal Council conducts appraisal and submits the appraisal results to the Department of Information and Communications.

- Step 4: The Department of Information and Communications reviews and makes a decision.

- Step 5: The Department of Information and Communications returns the results to the enterprise.

2. Dossier components and number of dossiers

a) In the case of strategic investors and strategic partners

- Application for support in accordance with Form No. 02;

- Decision/Certificate recognizing strategic investor or strategic partner in the semiconductor microchip and artificial intelligence sectors issued by a competent authority;

- Supporting documents, including:

+ Documents, dossiers, and evidence proving the total costs of purchasing production-support equipment, costs of relocating assets, production lines, equipment, technology, and other costs for new investment projects (if any);

+ Lease contracts for information infrastructure assets and related supporting documents (if any);

+ Written certification from the tax authority and the social insurance agency confirming that the organization/enterprise has fulfilled its tax obligations and obligations toward employees.

b) In the case of organizations and enterprises operating in the semiconductor microchip and artificial intelligence sectors

- Application for support in accordance with Form No. 02;

- Supporting documents, including:

+ Documents proving revenue (contracts, invoices, vouchers, etc.) derived from the semiconductor microchip and artificial intelligence sectors;

+ Lease contracts for information infrastructure assets and related supporting documents (if any);

+ Written certification from the tax authority and the social insurance agency confirming that the organization/enterprise has fulfilled its tax obligations and obligations toward employees.

c) In the case of innovative startup enterprises and innovative startup investment projects in the semiconductor microchip and artificial intelligence sectors

- Application for support in accordance with Form No. 02;

- Written certification issued by a competent authority confirming that the enterprise conducts innovative startup activities (for enterprises);

- Project description document in accordance with Form No. 03, and a project outline demonstrating the implementation of one of the activities specified in Point a, Clause 1, Article 6 of this Resolution (for projects);

- Written commitment on the proper use of the allocated premises for the intended purposes.

d) Number of dossiers: 01 set (original).

3. Time limit for settlement

a) Cases under the decision-making authority of the City People's Council:

30 working days (excluding the time for consideration and decision by the City People's Council), including:

- Appraisal Council: 10 working days;

- Department of Information and Communications: 10 working days (including the time for establishment of the Council and review of appraisal results);

- City People's Committee: 10 working days.

b) Cases under the decision-making authority of the Department of Information and Communications: 20 working days.

4. Competent authorities

a) Cases under the decision-making authority of the City People's Council

- Direct implementing authority: Department of Information and Communications;

- Coordinating authorities: Department of Planning and Investment, Department of Finance, and other relevant agencies and units;

- Decision-making authority: City People's Council.

b) Cases under the decision-making authority of the Department of Information and Communications

- Direct implementing authority: Department of Information and Communications;

- Decision-making authority: Department of Information and Communications.

Article 10. Use of information infrastructure assets to support innovation and startup activities in the semiconductor microchip and artificial intelligence sectors

1. Spaces for product development and for training in semiconductor microchip and artificial intelligence technologies, belonging to the research–development, consultancy, training, and information technology incubation sub-zone of the information infrastructure, shall be used to support innovative startup and innovation activities in the semiconductor microchip and artificial intelligence sectors.

2. Da Nang Center for Research and Training in Microchip Design and Artificial Intelligence:

a) May use the spaces specified in Clause 1 of this Article;

b) Shall not be required to pay rental costs for the premises used as specified in Clause 1 of this Article.

Article 11. Authority to decide on support

1. Policies applicable to strategic investors and strategic partners: City People's Council.

2. Policies applicable to other subjects: Department of Information and Communications.

Article 12. Appraisal Council and expenditure levels for the Appraisal Council

1. Depending on each specific support case, the Department of Information and Communications shall report to and submit to the Chairperson of the City People's Committee for a decision on the establishment of an Appraisal Council, or shall itself establish an Appraisal Council to conduct dossier appraisal.

The Council shall operate in accordance with the principles of democratic centralism, making decisions by majority or over half of the votes. In cases where votes are equally divided (50/50), the decision shall follow the opinion of the Chairperson of the Appraisal Council.

2. Funding for the operation of the Appraisal Council shall be balanced from the recurrent expenditure budget of the Department of Information and Communications.

3. Expenditure levels for the Appraisal Council are as follows:

- a) Chairperson of the Appraisal Council: VND 1,000,000 per dossier;
- b) Council members: VND 500,000 per person per dossier.

CHAPTER III

RECEIPT, MANAGEMENT, EXPLOITATION, AND OPERATION OF INFORMATION INFRASTRUCTURE ASSETS

Article 13. Entity receiving and operating information infrastructure assets

The entity receiving and operating information infrastructure assets shall be a public non-business unit under the People's Committee of Da Nang City.

Article 14. Form of assignment of information infrastructure assets

The assignment of information infrastructure assets to the receiving and operating entity shall be carried out in the form of asset capitalization (recording an increase in assets).

Article 15. Order and procedures for assignment of information infrastructure assets

To be implemented in accordance with Point a, Clause 6, Article 1 of Decree No. 09/2024/ND-CP dated February 1, 2024 of the Government on amending and supplementing a number of articles of Decree No. 144/2016/ND-CP dated November 1, 2016 of the Government providing for certain special mechanisms regarding investment, finance, state budget, and decentralization of management for Da Nang City.

Article 16. Mechanism for management and exploitation of assets and use of revenues generated from exploitation of information infrastructure assets

1. Management mechanism

To be implemented in accordance with Points a and b, Clause 5, Article 1 of Decree No. 09/2024/ND-CP dated February 1, 2024 of the Government on amending and supplementing a number of articles of Decree No. 144/2016/ND-CP dated November 1, 2016 of the Government providing for certain special mechanisms regarding investment, finance, state budget, and decentralization of management for Da Nang City.

2. Exploitation of information infrastructure assets

To be implemented in accordance with Clause 7, Article 1 of Decree No. 09/2024/ND-CP dated February 1, 2024 of the Government on amending and supplementing a number of articles of Decree No. 144/2016/ND-CP dated November 1, 2016 of the Government providing for certain special mechanisms regarding investment, finance, state budget, and decentralization of management for Da Nang City.

Article 17. Handling of information infrastructure assets

The handling of information infrastructure assets shall be carried out in accordance with Articles 87, 88, 89, 90, 91, 92, 93, and 94 of the Law on Management and Use of Public Assets.

CHAPTER IV

ORGANIZATION OF IMPLEMENTATION

Article 18. Organization of implementation

1. The People's Committee of Da Nang City shall organize the implementation of this policy in accordance with the provisions of law.

2. The Standing Committee of the City People's Council, the Committees of the City People's Council, the Delegations of Deputies, and the Deputies of the City People's Council shall supervise the implementation of these Regulations.

3. The Vietnam Fatherland Front Committee of Da Nang City is requested to coordinate in supervising the organization and implementation of these Regulations.

4. The Department of Information and Communications shall be responsible for consolidating demand and preparing annual budget estimates for support, submitting them to the Department of Finance for consolidation and submission to the City People's Committee.

5. Organizations and enterprises operating in the semiconductor microchip and artificial intelligence sectors that benefit from the policies stipulated in this Resolution shall bear legal responsibility for the declared contents and supporting documents in the dossiers submitted to the appraisal authority.

In the event of changes or difficulties arising during the implementation of the policy contents, the People's Committee of Da Nang City shall report to the City People's Council for consideration and appropriate adjustment./.

Appendix

APPLICATION FORM FOR CERTIFICATION OF STRATEGIC PARTNERS IN THE SEMICONDUCTOR MICROCHIP AND ARTIFICIAL INTELLIGENCE SECTORS

(Issued together with Resolution No. 58/NQ-HĐND dated December 13, 2024 of the Da Nang City People's Council)

Form No. 01

NAME OF APPLICANT ORGANIZATION **SOCIALIST REPUBLIC OF VIET NAM**
Independence - Freedom - Happiness

APPLICATION FOR CERTIFICATION OF STRATEGIC PARTNER IN THE SEMICONDUCTOR MICROCHIP AND ARTIFICIAL INTELLIGENCE SECTORS

To: Department of Information and Communications of Da Nang City

Pursuant to Resolution No. 136/2024/QH15 dated June 26, 2024 of the National Assembly on the organization of urban government and the piloting of certain special mechanisms and policies for the development of Da Nang City;

Pursuant to Resolution No. .../2024/NQ-HĐND dated ... 2024 of the Da Nang City People's Council on regulations on investment, management, exploitation, and handling of information infrastructure assets serving the semiconductor microchip and artificial intelligence sectors within Da Nang City;

..... (Name of applicant organization/individual) hereby requests the Department of Information and Communications to consider certifying the enterprise as a strategic partner in the semiconductor microchip and artificial intelligence sectors, with the following details:

Part 1. Enterprise Information

1. Enterprise name in Vietnamese: (As stated in the Enterprise Registration Certificate, in capital letters):

Abbreviated enterprise name (as stated in the Enterprise Registration Certificate):

Enterprise name in a foreign language (as stated in the Enterprise Registration Certificate):

2. Head office address: (As stated in the Enterprise Registration Certificate)

3. Enterprise Registration Certificate No.: issued on

4. Charter capital:

5. Telephone: Fax:
6. Website (if any): E-mail:

7. Legal representative:

Full name: Position:
Personal identification number/ID card/Passport No.:

Permanent residence address:

Telephone: E-mail:

8. Regular contact person during the implementation of procedures:

Full name: Position:
Personal identification number/ID card/Passport No.:

Telephone: E-mail:

Part 2. Contents of the request for certification as a strategic partner in the semiconductor microchip and artificial intelligence sectors**

- (1) Description of the enterprise's fields of operation
- (2) Global revenue of the enterprise in the most recent fiscal year
- (3) Commitments made to the City

Part 3. Accompanying documents

Attached documents include:

- (1)
- (2)
- ...

(Name) The enterprise hereby commits:

To bear legal responsibility for the accuracy and legality of the contents of this application for certification as a semiconductor microchip enterprise and all accompanying dossiers and documents.
